The government of a school must be, in many respects, an absolute monarchy and it will have all the vices of a despotism unless its ruler has a high sense of responsibility, and a knowledge of children based upon a careful study of the nature of body and of mind. At Lasell Seminary for girls at Aubundale, Mass., an excellent system of self Government is practised. Any student, who at the end of one term is regarded as worthy of such trust is en rolled on the list of self-governing and thenceforth does as she pleases so long as she continues to show herself entitled to unlimited confidence. This is the highest honor the school has to bestow a recognition of real trustworthiness of character. It is stated that this system has proved to be successful.
